Dear Dr. Quillian:

I should like to thank you most sincerely for ^{your kindness in} enabling my daughter Vallyalada to secure scholarships to study at your college. I am very happy to know that she will be pursuing her studies in such a pleasant and well-run establishment as your college. Without this, and the help of Miss Bennett of the Asia Society, it would have been impossible for my daughter to study in the United States, which is where she always wanted to go, and I know that in your highest ideals ^{college} environment she will have the best education available.

My family and my people join me in expressing our gratitude to you and your college, between whom and us an unforgettable and heart-felt link has been forged.

(Sd)

Yours most gratefully
